SPRINGFIELD STREET DIRECTORY.

The Street Directory gives the location of each street, and shows what other streets, avenues or places run from or across it, with the number at which they intersect.

From this list the location of any number on a street can be easily ascertained. As, for instance, wishing to know at what part of Main street No. 310 comes, turn to Main street, and you find that Worthington street intersects at 298, right side, and Bridge street at No. 340, showing that No. 310 comes on the right side of Main street between Worthington and Bridge.

FIRE ALARM TELEGRAPH.

Instructions to Key Holders—Key holders, upon positive information of a fire, will unlock the box, and, if the bell or the small bell in the box is not striking, pull the hook down to the end of the slide once and let go immediately. Do not strike an alarm when the bells or the small bell in the box is striking, for in that case the alarm is already striking, and to give a second one would confuse the firemen. After giving an alarm, remain, if possible, until the steamers arrive, to direct them to the fire. If you hear no clicking sound in the box after pulling the hook, go to the next box, and give the alarm from that.

Do not give an alarm for a fire at a distance, *nor for a burning chimney*. Do not strike the alarm more than once from the same box. Be sure the box is locked before you leave it.

The French Protestant College was incorporated in October, 1885. It has two departments. The course of studies in the preparatory department extends over three years and prepares young men for college. The college course extends over four years, and is very much the same as that of American colleges, special attention being given to the study of the French language and literature as well as to English, and to sociological questions. Bible studies are followed by all the students, and those having the ministry in view are offered special advantages for the study of theological subjects. The college is on the same footing as other New England colleges and has power to confer the ordinary academic degrees. The officers of the college are: President, Rev. Samuel H. Lee; Vice-President, Rev. M. Burnham, D.D.; Clerk, Jonathan Barnes; Treasurer, H. H. Bowman. The Executive Committee are: Rev. S. H. Lee, Chairman; Rev. R. W. Brokaw, Rev. J. Coit, Rev. D. A. Reed, Rev. George C. Baldwin, Jr. The institution has purchased the old city hospital property and has erected two buildings, one capable of accommodating fifty students, the other thirty. There is a young women's department to prepare young women for missionary service. A publishing department has been added to the ordinary work of the college. A sixteen-page paper, half French and half English, is issued every week, the object of which is to inculcate right principles of government among the French speaking population. Other publications will also be issued in the future. This institution is the only one of its kind in

America, and offers a liberal American education to the million and a half French speaking people of this country, with a view to prepare them for citizenship.

Home for Friendless Women and Children—These two institutions were formerly conducted under one roof at No. 62 Union street, a corporation for this purpose having been organized in 1865, by ladies interested in the reform of fallen women, the relief of the needy, and the care of destitute children. The number of inmates increased so rapidly, however, that in the course of a few years it became necessary to provide another establishment, and in 1871 the Home for Children was built on Buckingham street; since which time the house on Union street has been used for the reception of adults only, or for mothers with infants. The need of a different home for the work for friendless women had been long felt and strongly urged and in April, 1888, the home, 61 Howard street, and spacious grounds was purchased and taken possession of in July.

A meeting of the Board of Managers is held at the Homes alternately, once in two weeks, on Friday afternoons, notice of which is always given in the morning paper of that date.

The annual meeting of the corporation is held on the fourth Wednesday in January, the special time and place being determined by the Board of Managers. Provident Dispensary—78 Bliss street. The object of this is to prevent pauperizing such families or individuals as, when overtaken by sickness or accident, have no recourse but to the services of the City Physician. Requests for the attendance of the City Physician must be made to the agent of the Overseers of the Poor, and the names of those requiring his services are recorded as applicants for aid. It is often desirable to prevent this as the first step to dependence, and in many cases suffering, caused by unwillingness to apply to the city, is prevented. A small charge for medicine is made. POSTAL INFORMATION.

Important Extract from the Rules Governing the Post Office Department.

First-Class Matter—Matter which is in writing, or other matter containing a written inscription in the nature of personal correspondence, and matter which is sealed against inspection, are, by their nature, and the intent of the law, first-class matter, and subject to the postage rate of two cents for each ounce or fraction thereof. On local or drop letters, at all free delivery offices, two cents for each ounce or fraction thereof—other offices one cent.

Second-Class Matter—Mailable matter of the second-class embraces all newspapers and other periodicals, publications which are issued at stated intervals and as frequently as four times a year, and are within certain conditions. (For these conditions apply at the office.)

When sent as transient matter, by other than the publishers, one cent for each four ounces or fraction thereof.

Third-Class Matter—Mail matters of the third-class shall embrace books, circulars and other matters wholly in print; proof sheets, corrected proof sheets and manuscript copy accompanying the same, and postage shall be paid at the rate of one cent for each two ounces or fractional part thereof, and shall be fully prepaid by postage stamp affixed to said matter.

A circular is defined to be a printed letter, which is being sent in identical terms to several persons. It does not lose its character as such by writing the name of the addressee or sender therein, nor by the correction of a mere typographical error in writing.

Permissible Additions to Third-Class Matter—Upon the matter of the third class, or upon the wrapper or envelope inclosing the same, or the tag or label attached thereto, the sender may write his own name, occupation, and residence or business address preceded by the word "from," and may make marks other than by written or printed words to call attention to any word or passage in the text, and may correct any typographical errors. There may be placed upon the blank leaves or cover of any book, or printed matter of the third-class, a simple manuscript dedication or inscription not of the nature of a personal correspondence. Upon the wrapper or envelope of third-class matter or the tag or label attached thereto may be printed any matter mailable as third-class, but there must be left on the address side a space sufficient for a legible address and necessary stamps.—(Act of January 20, 1888.)

Fourth-Class Matter—Includes merchandise and samples of merchandise, models, samples of ores, metals, minerals, etc., and any other matter not included in the first, second and third classes, and which is not in its form or nature liable to destroy, deface or otherwise damage the contents of the mail bag or harm the person. Postage rate thereon, one cent for each ounce or fractional part thereof.

Permissible Writing or Printing upon or with Fourth-Class Matter—With a package of fourth-class matter prepaid at the proper rate for that class, the sender may inclose any mailable third class matter, and may write upon the wrapper or cover thereof, or tag or label accompanying the same, his name, occupation, residence, or business address, preceded by the word "from," and any marks, numbers, names or letters for purpose of description, or may print thereon the same, and any printed matter not in the nature of a personal correspondence, but there must be left on the address side or face of the package a space sufficient for a legible address and necessary stamps.—(Act of January 20, 1888.)

The tag or label with the printing or writing authorized thereon, may be attached to the whole package, or separate tags or labels, bearing the same, may be attached to each of one or more articles contained in the package.

The postage to Canada is the same as domestic postage.

The uniform fee for the issue of a postal note is three cents. A postal note will be issued at any money order office payable at any other money order office for any sum from one cent to four dollars and ninety-nine cents, but not for any sum including a fraction of a cent. No written application for a postal note is required. There is no limit to the number of postal notes that may be issued from the same office on the same day to the same person. A postal note is valid until three months from the last day of the month of issue. The postal note is made payable to bearer, and hence to whomsoever presents it. If a postal note be lost or destroyed, no duplicate can be issued but duplicate of an invalid note (one not paid within the given time) can be procured.

The fee on any registered matter, domestic or foreign, is fixed at eight cents on each letter or parcel, to be affixed in stamps in addition to the postage. Two or more letters or parcels addressed to or intended for the same person cannot be tied or otherwise fastened together and registered as one.

Special Delivery—A special ten cent stamp affixed to any article of mailable matter in addition to the ordinary postage insures its delivery by special carrier, immediately upon its arrival at the office of destination, between the hours of 7 a m and 11 p m at free delivery offices and 7 a m to 7 p m at other offices. But this delivery will only be made within the carrier limit at letter-carrier offices and within one mile of post offices at all other places.

THE IMPROVED

Chadwick Copying Book

TRADE-MARK.

PATENTED OCTOBER 16, 1888.

These Books are made waterproof at binding and corners, and are provided with moistening pad and oil sheets, by the use of which a number of pages can be kept moist and ready for immediate use, DISPENSING ENTIRELY WITH WATER POT, BRUSH AND WET BLOTTERS. The pad is first wet with water, then placed in book, back of twenty or more sheets, and put in press until required for copying, when sheets will be found uniformly and thoroughly moist, and VERY SUSCEPTIBLE TO ANY COPYING INK.

The back of the book being waterproof prevents the moisture from working into the binding or into leaves already copied on, and by similar treatment of corners leaves do not stick together and prevent rapid handling. The paper in these books is of extra strength, so they can be readily handled without tearing.

We make anything wanted in the line of Letter Copying Books.

ERNEST W. MAKEPEACE, President. E. WELLS, Sec'y and Treas.

WARWICK

There are many points of interest about a Warwick Bicycle. It is strong and durable. In appearance and in fact it is the very suggestion of bicycle gracefulness. Its mechanical "make-up" necessitates this.

Strong, light, beautiful, swift, and *liberally guaranteed*; what more can be desired?

The whole machine speaks for itself. It is an open subject. The only mystery is how we can so strongly guarantee a

25-POUNDER Costing only **$125.00.**

We know what the Warwick is and how it is made. We dare warrant it accordingly.

The engraving represents one of several styles. Better ask at once to see it. You will be reasonably sure to purchase. The goods which please are already half sold.

Webster's International Dictionary

A Grand Family Educator
A Library in Itself

A complete and thorough revision of the well-known Unabridged. Though it has been before the public but a short time, it has been warmly commended by members of the U. S. Supreme Court, by every State Superintendent of Schools in office since its publication, by Eminent Authors, College Presidents, and Educators almost without number. It is recognized as Standard Authority by the U. S. Government Printing Office, and is the Standard to which nearly all Schoolbooks adhere.

☞ "The diacritical marks for indicating the sounds of letters are so plain and intelligible as to be easily understood by old and young.

"It is The One Great Standard Authority
. . the perfection of dictionaries;" so writes Justice Brewer of the United States Supreme Court, who voices the general sentiment.

Marks' Patent Artificial Limbs

WITH RUBBER HANDS AND FEET

A. A. MARKS:

DEAR SIR:—I was a professional tight rope walker and aeronaut before I lost my leg, and I do not allow the loss of a leg to compel me to seek another occupation. With your patent artificial leg I can walk a tight rope nearly as well as I ever could. I feel safe and sure on my rubber foot, no matter where I place it. I consider your invention of the rubber foot the most valuable and important to persons who have lost their natural limbs.

Respectfully,

PROF. F. E. JACOBY,

Waterbury, Conn.

NOTE: The above cut was made from a photograph of Professor Jacoby while performing on a tight rope. He is balancing entirely on his artificial leg, his natural foot is off the rope and is in the act of passing forward to take the next step.

ARE NATURAL IN ACTION, NOISELESS IN MOTION, AND THE MOST DURABLE IN CONSTRUCTION.

Over 15,000 in use, scattered in all parts of the world. Eminent surgeons and competent judges commend the Rubber Foot and Hand for their many advantages.

Received the Highest Award at the World's Columbian Exposition.

Endorsed and purchased by the U. S. Government and many foreign Governments.

A treatise, containing 430 pages, with 300 illustrations, sent FREE; also a formula for taking measurements, by which limbs can be made and sent to all parts of the world with fit guaranteed.

Grand For Ready Reference In Office, School, or Home.

A College President writes: "For ease with which the eye finds the word sought, for accuracy of definition, for effective methods in indicating pronunciation, for terse yet comprehensive statements of facts, and for practical use as a working dictionary, 'Webster's International' excels any other single volume."

☞ The diacritical marks for indicating the sounds of letters are so plain and intelligible as to be easily understood by old and young. Nearly all schoolbooks use them.

Fisk Mfg. Co's Japanese Soap

Is manufactured of the purest Oils and Tallow of our own refining. It is a PURE SOAP, free from the many poisonous adulterations that are put into soaps at the present day to give them weight, etc Many persons are suffering to-day on account of using impure soaps. The Japanese is adapted to the Laundry, Toilet, and Bath. It has no equal. Patented October 11, 1875, and September 18, 1877.

THE JAPANESE

FISK MANUFACTURING CO.

SPRINGFIELD, MASS.

(Registered Oct. 11. 1875.)

Fisk Manufacturing Co.'s "Extra Pale." Cut full weight. Two, three, and four pound bars. We maintain for it the justly merited reputation of being the "Best and Cleanest Bar Soap in America." Most bar soaps now in the market are composed almost entirely of rosin, poisonous and filthy grease, loaded with ground marble, silicon, pipe clay, lime, soda, caustics, etc., many being like the pressed cakes, wrapped, preventing them from drying and showing their true properties.

By using such soaps you destroy the clothes—a single garment, perhaps, costing more than a yearly supply of Fisk Mfg. Co.'s Pure Soaps, which do not yellow, rot, cut or grind the clothes.

Ask your grocer for them. Let them become hard and dry before using them Look to their clothes-saving quality, which is true economy and cheapness.
